## BOURBON CIRCUIT COURT

The November term of the Bourbon Circuit Court convened yesterday morning, with Judge Robert Lee Stout on the bench, and Commonwealth's Attorney Bradley at his post. The term will probably extend three weeks.

The following Grand Jury was impaneled and sworn in: Dan W. Peed, Sr., foreman; Robt. P. Walsh, Roscoe Carmichael, C. C. Hadden, George Link, Lindsay Hough, D. B. Smart, C. M. Plummer, R. L. Wilson, W. F. Turner, J. J. Veatch. The jury immediately took up the consideration of cases submitted to them.

In opening the Court Judge Stout delivered a strong charge to the Grand Jury. He stated that he believed the jury would not have much to do, as Bourbon county had become a very law-abiding community. He complimented the county officials on the conduct of affairs, and the way the county institutions had been managed. He had been told by county officers that there were more examining trials of prisoners than usual, eight being confined in the county jail, who were not able to execute bond, and that their cases should be taken up first. If they were innocent they should be dismissed, if guilty they should be indicted. He added that petit jury cannot try a case if the grand jury does not first indict. He called attention to the recent election, and asked that any violations of the election laws be rigidly investigated. "An election officer," he said, "who is crooked and deprives anyone of the right of suffrage is the worst crook in the world. If anyone steals your pocketbook it can be returned, but if the right of suffrage is stolen from you it cannot be returned to you." All "persistent lawbreakers," such as gamblers, bootleggers, carriers of concealed weapons, and violators of the fish and game laws, should be indicted. Judge Stout, in summing up, stated to the attorneys that he would not be in Paris on Saturday, as he would be in Versailles, where he would hold a special one-day term of the Woodford Circuit Court.

The usual motion hour proceedings occupied the larger part of the Court's time in the morning. An adjournment was taken at noon until this morning, when the criminal docket will be called. The Grand Jury also adjourned until this morning. Several visiting attorneys attended the opening of Court.

## OFFICIAL VOTE OF BOURBON COUNTY CANVASSER.

The Election Commissioners for Bourbon county met in the office of County Clerk Pearce Paton and made an official canvass of the vote cast in the National election held last Tuesday. The result did not differ very materially from the returns furnished on the night of the election very few irregularities being found.

The canvass of the vote as made by the Commissioners showed the following figures: For Gov. Jas. M. Cox and Franklin D. Roosevelt, Democratic Presidential candidates, 5,452; for Senator Warren G. Harding and Gov. Coolidge, Republican, 4,029, Democratic majority, 1,423. For United States Senator, J. C. W. Beckham, Democrat, 5,435, Richard Ernst, Republican, 4,015, Beckham's majority, 1,420.

A wrong calculation in the tabulation made Tuesday night gave the County Board of Education to the ticket headed by A. T. Moffett, of Millersburg, but the official count reversed this and gave the Caywood ticket three of the five new members. The Board is now constituted will be composed of Ernest Darnaby, Clarence Kenney, George Link, Charles White and W. E. Cook. The official table will be published in Friday's issue of THE NEWS.

The two bond issues were carried by good majorities.

## "LOVE ME UP OR I'LL WRECK THE CAR."

With these words to his female companion, a Paris young man gave final emphasis to his determination to rule or ruin Saturday evening. The result was a wrecked car and the fortunate escape from serious injury of himself and three companions.

In company with a male friend and two young women from near Hutchison the young man drove to Lexington, where they visited visiting friends. Returning, the driver, who owned the car, a new Hudson machine, turned to his companion, with the remark, "If you won't love me, I'll wreck the car." In pursuing his love-making he allowed the car to swerve at a point on the road near the celebrated Dead Man's Curve, the scene of many serious accidents. Before the driver could regain control of the machine it ran off the side of the road, crushing into a ditch and overturning. The occupants escaped with a few bruises and a shaking up, but the machine was badly damaged.

Moral—When driving an auto make love only with your eyes and tongue. Don't let loose of the steering wheel.

## NEGRO KILLED ON RAILROAD

Boarding a moving railroad train was fatal to Theodore Brent, colored, of Winchester, when he was thrown from the train in the Duncan avenue cut in this city Friday afternoon. Brent "hopped" an L. & N. freight train as it moved out of the yards, and while hanging from a car step was struck by one of the block switches at the side of the road. He was dragged some distance, both legs and both arms broken, and his head crushed. He lived but a short time. Coroner Davis was notified, but decided no inquest was necessary, as the man's death was the plain result of his own carelessness. No blame is attached to the railroad employee. The body was sent to a colored undertaking establishment, and later sent to Winchester for burial.

## MATRIMONIAL.

Cards have been issued by Mr. and Mrs. Thomas Best, of Richmond, formerly of Paris, announcing the marriage of their daughter, Miss Mary Elizabeth Best, to Mr. Robert Hughes Scobee, of Winchester. The wedding took place in Newport, on October 14. Mr. and Mrs. Scobee are at home to their friends at 118 East Fifteenth street, Covington. The bride is an attractive young woman, who is well-remembered here. Mr. Scobee is a popular young man, a former resident of Winchester.

The following beautifully engraved announcements have been issued:

Mr. and Mrs. A. L. Stephenson announce the marriage of their daughter Cordie Lee to

Mr. Clay Galtskill, Jr., on Saturday, October Sixteenth, Nineteen hundred and twenty, Lexington, Kentucky.

### HILL-DRAY.

Miss Blanche Hill, daughter of Mr. and Mrs. W. E. Hill, of near Carlisle, and Russell Dray, son of Mr. and Mrs. Charles Dray, of near Millersburg, were married Saturday at the home of the bride's parents.

### LYNAM-SNAPP.

Miss Mae Lynam, daughter of Mr. and Mrs. Hanson Lynam, of near Jacktown, this county, and Millard W. Snapp, son of Mr. and Mrs. Owen Snapp, of Nicholas county, were married Saturday at the home of the officiating minister, Rev. Bela Metcalfe, in Carlisle. The groom is engaged in farming near Barterville, in Nicholas county, where he and his bride will reside.

### BARBOUR-CHAPMAN

Miss Elizabeth Randolph Barbour, of St. Matthews, near Louisville, and Mr. Walter Gibbs Chapman, of Louisville, were quietly married at four o'clock Saturday afternoon at the home of the bride's parents, Mr. and Mrs. Lee Barbour, at St. Matthews. Only members of the immediate family were present. Immediately after the ceremony Mr. and Mrs. Chapman left for a short wedding trip. On their return they will be at home at 1237 Second street, in Louisville.

The bride, a charming young woman, has been a frequent visitor at the home of Paris relatives. Her mother was formerly Miss Maude Hill, of Paris. The groom is a prominent young business man of Louisville. Mrs. Chapman's sister, Miss Alice Barbour, was very recently a visitor at the home of Mr. and Mrs. L. B. Purnell, in this city.

### HALL-FITHIAN

A surprise wedding that was not exactly a surprise, took place in St. Peter's Episcopal church, in this city, Sunday afternoon at 1:30 o'clock, when Miss Mae Hall, the accomplished pianist with the Gregg Orchestra at the Grand Opera House and The Alamo Theatre, in this city, became the bride of Mr. Charles W. Fithian. The ceremony was performed by the rector, Rev. Walter Cain, in the presence of a few intimate friends of the bride and groom. The attendants were Mr. and Mrs. Harry Brent Fithian, brother and sister-in-law of the groom.

The bride is the only daughter of Mr. and Mrs. Frank M. Hall, of Huntington, West Virginia. She has been a resident of Paris many years, during which time she has firmly established herself as a musician of the highest rank. She is possessed of personal charms and a graciousness of manner that have made her a host of friends here.

Mr. Fithian is the son of Mrs. Mamie H. Fithian, of Paris. He was for several years manager of the local Western Union telegraph office in this city, and has filled very acceptably other positions of responsibility in the city. He is at present a highly-valued member of the operating staff in the office of the Train Dispatcher at the Louisville & Nashville railroad, at this point.

After the ceremony Mr. and Mrs. Fithian left for Lexington, from where they took the C. & O. train for Huntington, West Va., for a short honeymoon stay with the bride's parents. On their return they will be at home to their friends at the home of Miss Anna Hutchcraft, corner of Pleasant and Fourth streets.

## PARIS BANK CLEARINGS.

Bank clearings for the past week aggregate \$637,645.03, a gain of \$84,135.57 over the previous week. Business is beginning to revive following the election. The activity was especially noticeable Saturday, when merchants and bankers were unusually busy.

## STOLEN AUTO RECOVERED.

Miss Carolyn Roseberry's auto, a new Paige, which was stolen from in front of a business house on Main street, Friday afternoon, was found Saturday afternoon, by Chief of Police Link. The gasoline supply had become exhausted and the machine was abandoned on the Redmon pike, a few miles from Paris. It was uninjured. The machine was returned to its owner.

Miss Roseberry left the machine in front of the A. F. Wheeler Furniture Co.'s store, while she was transacting some business there. When she came out she found a nicely-dressed young man in the car. He apologized, saying he was resting the door of the car and politely assisted Miss Roseberry in. She drove a short distance to another store, and when she returned, the car was gone. So was the young man. The police were notified and in the search that was at once instituted Chief Link found the car.

The theory was advanced by the police that the young man, who is suspected of having taken the car, resided in the vicinity where it was found, and had taken the machine to carry him to his home. The police are making an effort to locate him, aided by the description Miss Roseberry furnished them.

## BIG REAL ESTATE DEALS

Through the real estate firm of Mitchell, Moreland & Mitchell, of Paris, Mr. Robt. G. Talbott, of this city, and Clay Cleveland, of Lexington, sold Friday, to D. G. Taylor and R. L. Logsdon, of Bourbon county ninety-five acres of land on the Paris and Georgetown pike, at a price which it is said shows no locality in the land values in that locality. Mr. Taylor some time ago bought 156 acres adjoining this farm, at about \$466 an acre. The two tracts are the original Wiedemann farm, which was purchased from Stanhope Wiedemann by Taylor & Logsdon for \$418 an acre.

Mr. Talbott and family, who reside on the farm, recently purchased a farm near Lexington, and will move to the place on or before March 1, 1921.

The same firm also sold last week for Newton H. Bishop a small tract of 12½ acres with a small tenant house, located on the Tarr Station pike to John Eades, of Bourbon county for \$4,000. Mr. Bishop recently sold 31 acres adjoining this tract, to Wm. Cameron, of near Shawhan, for about \$10,000.

## MEMBERSHIP MEETING OF COMMERCIAL CLUB.

The annual membership meeting of the Paris Commercial Club will be held on Tuesday night, November 23, at the court house. The election of officers and directors, who will take office on January 1, will be held at this time. Previous to the annual election a nominating primary election will be held and ballots will be distributed within a few days to all members of the club. The candidates receiving the three highest votes for each office will be placed on the ticket. The primary election will end at 8 o'clock Monday evening, November 15, by which time all ballots must have reached the Commercial Club office. An election committee of five men will be appointed by President John T. Collins.

Mr. Hacker is seeking the opinion of club members on the advisability of holding weekly noon luncheons and is anxious to get them under way by the middle of this month if a sufficient number will agree to attend. The noon luncheon plan is working successfully in most of the surrounding cities and is proving one of the most interesting as well as one of the most available features of the commercial clubs. The plan which Mr. Hacker has in mind is a program of entertainment during the luncheon and following the luncheon a short talk on business or civic questions.

The work of repairing and rebuilding roads in the county will continue as long as good weather permits. After transacting some minor business the Court adjourned.

## OPENING OF THE 1920-1921 TOBACCO MARKET

According to present information, the Paris tobacco markets will open for the winter season of 1920-21 about the tenth of December, at which time the warehouses will be stocked with the weed. There is known to be a considerable quantity of tobacco ready, or being prepared, for the local market.

The warehousemen are anticipating a good season, despite the fact that the recent drought somewhat affected the tobacco business, and the further fact that the market may have a slow start on account of the quality of some of the offerings. It is the intention of the warehouse managers to fall into line when the movement of tobacco starts, in order to handle the great amount. The growers are eagerly watching the market, and are preparing to affiliate with the organization looking for the betterment of the condition of the grower, and assisting him in selling at the best market price obtainable.

The tobacco in "case" and in the barns is now being rapidly stripped and put in the best possible condition for the opening sale at the Paris houses. The condition of the "canned" leaf product has been very precarious for some time, due to the prevailing dry weather. The growers had to wait the opportune time for "stripping." Recent rains have brought about this most desirable state and there has been no delay in the preparatory work.

## KENTUCKY CAN GROW MORE WHEAT THAN EVER

According to Government reports, the 1920 wheat crop in Kentucky was only about half as large as either the 1918 or 1919 crop, but this fact should not discourage farmers in the growing of wheat. If we apply ourselves to proper agricultural methods, Kentucky will grow as much or more wheat than ever.

No doubt, some people think that Kentucky should go out of the wheat growing business, but we might as well say that Kentucky should quit growing tobacco.

Kentucky always will and always should grow tobacco. Kentucky always will and always should grow winter wheat. It will be a mistake to think of cutting out either crop because both play an important part in the agricultural prosperity of the State.

Undoubtedly the season had much to do with the reduced yield of wheat this year. Possibly it was more to blame than the soil, but it must be admitted that wheat growing has been much neglected of late.

During the war the abnormal demand for tobacco sent up the price and kept it up and it was natural that we should grow as much tobacco as possible. On thousands of farms the best ground was planted to tobacco, and wheat was planted on the poorer ground and given only secondary attention.

But now the war is over and the relative difference between the prices of wheat and tobacco will soon disappear. We must get back to a normal agricultural basis. We must not forget that wheat is one of the staple crops of Kentucky. It is essential to the fullest prosperity of the State, even as tobacco and corn and other products are essential.

It is time, right now, for us to think of wheat and get ready for next year. Tobacco ground is splendid ground for wheat and next year may be the best wheat year Kentucky ever had. More attention to the proper liming and fertilizing of the soil will help to make it so.

## BREAKS A COLD IN JUST A FEW HOURS

"Pape's Cold Compound" Instantly  
Relieves Stiffness and  
Distress

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine. Insist upon Pape's!

## BITTER PILLS DO US THE MOST GOOD.

I am often reminded, says Roger Babson, of the old chap who brushed his teeth with yellow soap.

He said, "Not because it is good for my teeth, but because it is good for my disposition."

Sounds foolish, but it is based on a fundamental principle, just the same.

The bitterest pills usually do us the most good—the things we hate to do are usually the best for us.

You can never get anywhere on the track, in the business world, or anywhere else by only jumping the low hurdles—doing the easy things.

Doing easy things never made a world's champion.

"Brush your teeth with yellow soap" every morning by starting on the hardest job of the day.

Get it done first!

It will be good for your disposition and your bank book, and the rest of the day will be easy because the heavy work is done.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quick, surest, most harmless stomach antacid is Pape's Diapiesin, which costs so little at drug stores. (adv.)

## GAS AND THE GAS-MAN

Gas-making oils that for twenty or more years have been procurable at prices ranging from two and one-half cents to five cents per gallon have shot up to fifteen and twenty cents per gallon. The gas manufacturers who are tied to municipal contracts are trying to find a way out of their tragic dilemma. They recognize that in their competition with the automotive industry that they are out-distanced. As a result several gas companies throughout the country, that were unable to bear their new burdens, have been compelled to suspend operations. The gas industry evidently cannot pay the new costs for fuel, and at the same time continue the old rates. The conditions means that the gas companies must have "higher fares" just the same as necessity has imposed in dealing with conditions regarding railroads, street car lines, electric light plants, and other public utilities.

## PAWPAPWS REPORTED SCARCE

Pawpaws, the erstwhile poor man's friend, have grown to be a rare article these days, but a NEWS man saw a country cousin in Paris a few days ago with a small basket containing several. The older citizens of the city and county remember when it was the custom for the boys to go into the country and gather a basketfull of pawpaws. They would then lay them out until they got yellow and thoroughly ripe, when they were fine fruit and had a delicate flavor. But, like many other old-fashioned good things, they are going into the discard, and seldom seen.

### ROOSEVELT THANKS THE KENTUCKY VOTERS.

Former United States Senator Johnson N. Camden, of Versailles, received a message from Franklin D. Roosevelt in which he expressed thanks for the efforts of those who aided in the recent campaign preparing at once for a Democratic victory in the future.

Mr. Roosevelt's message follows: "Please let me express my sincere thanks for all of your efforts during the campaign, and especially all that was done for me when I visited your State."

"The moment of defeat is the best time to undertake plans for victory for Democracy in the future. With a new Congress to be elected two years hence the present is none too early to begin concerted effort. I hope we may all join in working out plans at an early date and feel sure you will give your advice and co-operation."

"F. D. ROOSEVELT."

### MILLERSBURG

—Mr. and Mrs. Swift Champ, and Mr. and Mrs. W. V. Shaw, of Paris, attended the funeral of Cale W. Corrington in this city Saturday afternoon.

—Miss Laura C. Jefferson, died at the home of her brother, Mr. R. M. Caldwell, on Trigg avenue, in this city, Friday morning at an early hour, after an illness of about one month. Miss Jefferson was a woman of fine Christian character, and had a host of friends here. She was a daughter of Mrs. Mary Jane Caldwell, and is survived by her half-brother, Mr. R. M. Caldwell, of this city. Funeral services were conducted at the Caldwell residence Sunday afternoon by Rev. W. W. Morton, pastor of the Millersburg Presbyterian church. The body was taken to her old home at Mayslick for burial.

—Caleb W. Corrington, one of the most prominent and well-known business men of Millersburg, died at his home in this city Thursday night after an illness of but two days. His death was due to a complication of diseases. He had been in ill-health for some time, but his condition was not thought to be serious until a short time before his death.

Mr. Corrington was born in Millersburg in 1853, and received his early education in this city. At an early age he became identified with the business life of Millersburg, entering the business which he made a success and continued to the time of his death. He was a man of fine character and had a large circle of warm and devoted friends in the county and elsewhere, who regret his passing away. He was a member of the Methodist church and of several fraternal orders, to all of which he was devoted.

Mr. Corrington is survived by his widow, and four brothers, Owen Corrington, of Hot Springs, Ark.; Lee Corrington, of Memphis, Tenn.; Jos. Corrington, of Ithaca, New York; and John Corrington, of New Valley.

The funeral was held from the family home Saturday afternoon at three o'clock. Services were conducted at the grave in the Millersburg Cemetery by Rev. Adams, pastor of the Methodist church, assisted by Dr. C. C. Fisher. The honorary pall-bearers were Ben Thomas, Charles Leer, J. F. McDaniel, Sr., Dr. W. G. Dailey, Dr. D. M. Boxley, T. D. Judy, J. B. Vimont, Alfred Ball. The active pall-bearers were W. D. Wadell, Duke Jones, A. S. Best, J. B. Cray, W. A. Butler, James Butler.

### BE FAIR TO TEACHERS

Be fair and just to the teacher of your children. Remember that the teacher in the public schools is a great and important factor in developing a true and useful manhood or womanhood in your child.

The child is the raw material out of which is to be made a man or woman. It will require all of your care as well as that of the teacher.

It is a most important work, involving great responsibilities, much tact and clear judgment. If your child complains of the teacher, remember that it is the complaint of a child who does not know what is best. Youth is impatient under restraint and often complains without just cause.

We are not claiming perfection for school teachers, and condemning all children, but we do know that the teachers are nearly always right, and that they have only the best interest of the pupil at heart.

Be fair to the teacher and you will be kind to your child.

### IT CAN BE DONE.

Statistics show that a very large per cent of the fatalities in business are due to the fact that American merchants with limited capital are endeavoring to finance the affairs of their customers. That is to say, probably 85 per cent. of the merchants who fail in business undertake to carry the accounts of too many of their customers for too long a time.

It can't be done!

## STATION AGENT FORCED TO QUIT

"All The Boys At This End of The Line Are Talking About My Recovery," He Says

"The recovery not only surprised me but all the boys are talking about what a grand medicine Tanlac is to have pulled me through," said A. E. Rawley, telegraph operator at Welsford Station, on the Canadian Pacific R. R. Mr. Rawley makes his home at Westfield Beach, New Brunswick.

"My health suddenly gave way four years ago following an attack of grippe that settled in my stomach," continued Mr. Rawley. "What I ate would sour, causing gas, and such a pressure in my chest that I would nearly smother. Sharp pains would suddenly strike me in the chest, keeping me in agony for hours. One day I began vomiting and kept it up almost incessantly for four days. I went to a hospital for three weeks, but shortly afterward got worse of than ever. Acute attacks of pain and nausea began coming on me every month, then every week, and I lost fifty pounds in weight and had to give up my place as station agent. I went to two other hospitals for treatment and took every kind of medicine I could hear of, but I got worse all the time."

"Before my first bottle of Tanlac was gone I noticed a decided change for the better. I have taken eight bottles of Tanlac, am feeling fine and able to eat almost anything. I have gained twenty pounds, my stomach trouble is gone and I am working every day. I am gaining weight and strength every day and consider Tanlac the most wonderful medicine in the world."

Tanlac is sold in Paris at the People's Pharmacy. (adv)

### GROUP MEETINGS HELD BY COMMERCIAL CLUB.

Ballots were mailed yesterday to all members of the Paris Commercial Club for the nominating primary to be held Monday, Nov. 15. The ballots must be returned by 8 p. m. on that date, when they will be counted by an election committee composed of Hugh Brent, chairman, John F. Davis, F. P. Lowry, Swift Champ, and M. J. Levin. Three candidates will be named for each office in the primary, and these candidates will be voted on Tuesday, November 23, the date for the annual meeting and election.

Friday night a meeting of retail merchants was held when a movement was launched to build a "white way" in the business section. The merchants favored the establishment of a credit bureau and the Commercial Club will undertake to establish and conduct a bureau in connection with the Club office. Another matter of discussion was the encouragement of home trading. It was decided to hold a window display contest during the holidays, and to urge all merchants to use the slogan, "Patronize Paris Stores" on their stationery and envelopes and in their newspaper advertisements.

To-night a meeting on industrial development will be held. One of the principal subjects of discussion will be the listing of available factory sites and buildings. The Commercial Club office has received several inquiries from industrial concerns regarding locations here and efforts will be made to find buildings for them.

# "THEY SAID I HAD T. B. AND WOULD NOT LIVE THREE MONTHS"

Mr. Harold W. Schmidt, Box 98, Breece, Clinton Co., Ill., believes he has reason to praise Dr. Hartman's Remedy for Catarrhal conditions.

"I used Per-na eight months for Chronic Bronchial Catarrh. I do not get tired, feel like a giant, am six pounds over normal weight and able to work every day. In March, 1918, I contracted a severe cold with spitting and took to my bed. They said I had T. B. and would not live three months. After taking a couple bottles of Per-na and a box of Man-a-lin Tablets, could walk around and in seven months went back to work. My trouble was due to Chronic Catarrh of the nose and throat, which I had ten years, extending down into the bronchial tubes. "Per-na was my life savor."

## WARNINGS TO HUNTERS

The hunting season is now close at hand. Dr. R. S. Tuttle, Executive Agent of the Kentucky Game and Fish Commission, has issued the following warning to hunters:

### DON'TS FOR HUNTERS

Don't hunt off your own land without license. Don't shoot quail before November 15 nor after January 1. Don't kill more than twelve quail in one day. Don't shoot squirrel before July 1 nor after December 15. Don't kill woodcock before November 15, nor after January 1. Don't kill more than six woodcock in one day. Don't kill wild turkey, imported pheasants or Hungarian partridges before No-

vember 15, 1924. Don't shoot, sell or buy rabbits before November 15 nor after January 1. Don't snare rabbits at any time. Don't hunt, pursue, catch, kill, injure or molest any deer before November 15, 1925. Don't kill any wild duck, wild geese or jacksnipes before September 15, nor after January 1. Don't have fur-bearing animals in your possession before October 1, nor after February 15. Don't kill any wood duck, elder duck or swan at any time. Don't kill, trap or have in your possession at any time any song or insectivorous birds. Don't wait until November 15 to buy your hunter's license. DO IT NOW. Don't kill all the quail in a covey, leave some for seed. Don't forget to feed the birds during the winter. Don't fail to notify your local Game Warden or this department of those who violate the law. A fellow who hunts without a license is a cheater. See that he obeys the law.

## THE CLIMAX OF LIVE STOCK SHOWS.

Now that the State Fair circuit has been completed and the live stock shows of lesser magnitude announced for the current season have terminated with success in every instance, the industry is preparing for the greatest event of the year—the International Live Stock Exposition at Chicago during the first week of December. After such a successful display season of domestic animal life in every section of the United States, magnitude and interest are assured at this event.

The live stock industry is now recuperating after the stress of war period depletion all over the world, the international character of the Chicago event giving it trans-Atlantic and antipodean importance. An unusually large representation is promised by Great Britain, France, Italy, Canada, Argentina, Australia and other countries—all potential markets for purebred cattle, hogs and sheep produced in the United States. Feeding problems will be elucidated and the new feature inaugurated last year under the auspices of the Chicago Board of Trade—a grain and hay exhibit—will be on a vastly greater scale. All the breeds will be represented in the arena, the entire aggregation constituting the greatest assemblage of pure-bred live stock ever assembled for competitive purposes.

Novelties have been provided for the evening entertainment, which has always been a popular feature of the exposition.

## ASPIRIN

Name "Bayer" on Genuine

It's criminal to take a chance on any substitute for "Bayer Tablets of Aspirin." Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents.

Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid. (adv)

### Price and Percentage.

Increase of price when measured in percentage is very often incorrectly given. When the price doubles the increase is 100 per cent, but many people describe it as an increase of 50 per cent.

## Does Your Husband Come Home Tired, Nervous, Irritable?

Physician Says Thousands Of Men Are Breaking Down Simply Because Their Blood Lacks Iron—Tells How To Convince A Husband That He Needs

### NUXATED IRON

To Help Make Red Blood, Strength and Endurance

"Simply because his blood lacks iron, many an American husband who ought to be feeling young, full of health, vigor and energy and in a position to shower his family with every comfort and luxury is actually struggling to make ends meet—a disappointed and discouraged 'old' man who will probably end up in a nervous breakdown or be carried off by his first illness," says Dr. H. B. Vail, formerly physician in the Baltimore Hospital and a Medical Examiner.

"Because man, in the rush and tear of modern life has so little time to think about his blood's condition and is often so slow to admit any weakness, the signs that his blood may be low in iron are often first detected by the watchful eyes of his wife. Does your husband come home pale and fatigued and too tired to do anything or go anywhere? Does he complain about being overworked—the lack of opportunity today—some other fellow slacker? Does he find fault with the food, the home or the youngsters' behavior? Does he seem unable for one reason or another to get ahead and make big money as you and he once confidently expected?"

"Then it may well be true that his blood lacks iron, for the men with plenty of iron in their blood are the healthy, strong ones with the keen minds and the physical energy and stamina to overcome all obstacles—make their own opportunities—and force their way to big positions, power and wealth. My advice to the wife who believes her husband capable of big things in this world is to see that he builds up the iron in his blood and for this purpose I have found nothing better than organic iron—Nuxated Iron. By enriching the blood, creating new blood cells, it strengthens the nerves, rebuilds weakened tissues, and helps instill new

### MAKES WORLD'S RECORD FOR LINOTYPE.

Alder Hewitt, linotype operator on The Salt Lake City Tribune, has established what is said to be the

world's record for linotype composition, setting \$2,500 ems in six hours and 35 minutes, at average of 12,540 ems an hour. Hewitt's setting was entirely in six point. The setting was in straight-away composition and not in competition.

### RECKLESS DRIVING OF AUTO-MOBILES SCORED.

People who run automobiles in these days are impressed by the number of drivers who lack common sense or decency. Some of these folk of course are under the influence of liquor. There always has been an element of reckless speeders. But there are some speeders who are skillful enough so they usually avoid disaster, while others are just plain fools likely at any moment to go into the ditch.

The free spending of these times has put automobiles in the possession of a good many men who are not competent to exercise any responsibility. Many of them are aliens who do not speak the English language. They are not able to read published warnings against recklessness. Their idea of driving is to step on the gas and tear up and down as fast as their engine will carry them.

There are plenty of people of native birth doing this thing who should know better. When such a man gets at a steering wheel, he dodges in between cars, he tears through the centers of towns, he tries to pass another car when a third machine is coming closely along in the opposite direction, and all sorts of similar tricks.

A small fine makes no impression on these people, as they have money to burn, and regard the assessment as merely one of the costs of the game.

With the use of machines constantly increasing, a good sized force of inspectors is called for, to drive up and down the roads and spot drivers who endanger the safety of others. With a good batch of these speeders cooling off in jail conditions would become more satisfactory for people who are trying to be decent.

## THE BEST PROOF

Given By a Paris Citizen.

Doan's Kidney Pills were used—their brought benefit.

The story was told to Paris residents.

Time has strengthened the evidence.

Has proven the result lasting.

The testimony is home testimony.

The proof convincing.

It can be investigated by Paris residents.

Mrs. J. T. Martin, 1024 Main St., says: "Kidney trouble came on from a fall and the results were very severe, causing me more suffering than the fall itself. No one can ever know what I went through at that time, for I suffered awfully. My back ached and pained until I thought it would break in two. Sharp twinges shot through my kidneys and if anyone had hit me in the back with a heavy axe, it couldn't have hurt worse. In one week after using Doan's Kidney Pills, I felt like a different woman, for they fixed me up in fine shape."

After a Lapse of Eight Years Mrs. Martin said: "Doan's Kidney Pills have made a cure for me and it has been permanent."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Martin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

**THURSDAY AND FRIDAY "TRUMPET ISLAND"**  
NOVEMBER 11th AND 12th

A Vitagraph Super-Feature with an All Star Cast. Adapted by Lillian and George Randolph Chester from the Story by Gouverneur Morris.

"Trumpet Island" is a thrilling story of love and adventure, fashioned after the best style of Gouverneur Morris, from one of whose narratives this elaborate picturization was made by Lillian and George Randolph Chester, themselves writers of international reputation. Several months were spent on the adaptation. Tom Terriss, the director, spent three months in California directing the filming of this special, the cost of which passed the quarter of a million mark. There is an all-star cast, the members of which made unusual sacrifices of comfort and personal safety to add impressiveness to the special production. Great care was exercised in selecting the cast. Hundreds of extra players appear in mammoth and palatial sets in which wild midnight orgies of millionaires are shown. It is probably as rich in spectacular value as any production ever transferred to film.

## TURKEY PRICES ADVANCE

There has been a sudden and sensational advance in the prices paid for turkeys on the local market, according to local dealers. Last week the market opened at thirty cents in the county, and thirty-one cents delivered at the pen. Later it advanced from 31c and 34c per pound until this week the quotations were 34c and 35c per pound. Our informant did not give any reason for the sudden advance, but the short crop, and the demand for the birds may be the principal reason. At any rate, those who have the birds for sale are making no close investigation into the whys and wherefores.
